FISCAL COURT HEARS REPORT OF EXPERTS

Warm Discussion by Magistrates Over County Attorney's Fee.

County Clerk Graham Pays Over \$2,846.69---May Have to Pay Over More.

McCracken fiscal court met in special session this morning with all members present and heard a report from Messrs. L. Comptiger and H. C. Weaver, expert accountants of Louisville, who have been at work since last Thursday on the books of County Clerk Charles E. Graham, making out a report of the back tax collections, it having been alleged that County Clerk Graham was short to the county in his back tax collections.

The report was lengthy, covering a period from the beginning of his first term to date, and showed him behind to date in back tax collections \$2,846.69. This delinquency began on April 1st, 1902, and with the report came a check for the full amount. The court room was packed with expectant witnesses who listened with interest to the reading of the report.

Judge Lightfoot called the court together at 11 o'clock and read the report from the bench. It showed all accounts up until April 1st, 1902 straight and no money due the county, but beginning with this date no settlement or report on his collections had been made the fiscal court. After the reading of the first report a supplement report was read in regard to the 20 per cent. fee due the county attorney for back tax collections which was not embodied in the first report. This report seemed to confuse the magistrates and there was much explaining, ending in a committee being appointed to employ an attorney for advice as to whether the county attorney is really entitled to this fee or not.

After Judge Lightfoot read the first report, County Clerk Graham made a speech in explanation of his failure to settle.

"As far as the state and county taxes, and money due, is concerned," he explained, "I will say I have paid everything in with the exception of the \$2,846.69. This had not been paid until today and I never at any time claimed that it had been paid. As you all know there is no specific time for making a settlement and because I have not settled for this amount of back taxes constitutes no crime for me; I am guilty of nothing and have always been ready to pay any money arising from mistakes I might have made when a demand is made, or when I am shown my mistake."

The matter of whether I have done wrong, or acted illegally in the matter, lies entirely with the board, and I might take occasion to say that since my incumbency I have paid more money into the state and county than any other county clerk, by double. During the time of my incumbency I have attempted to conceal nothing and my record is open to all the books will speak for themselves. As to the 20 per cent. fee of the county attorney, it has been paid and there is no question at all on this point.

"This investigation was started for purely political purposes at this critical time, and if it is a political move first, last and all the time, I have always had the money to discharge my obligations to the county, and been ready to pay over to the county my amount due it when called for, and may add that it has been paid. If any mistakes have been made by me, they have been honest ones and all fault of this body, and I know I will get it, is fair treatment then I will be satisfied."

At the conclusion of Clark Graham's statement Justice Tapp offered a resolution to accept the report of the accountants and the settlement made in the payment of the back taxes due. The resolution was neatly typewritten and gotten up in

regular legal form.

Before any action was taken on the resolution, however, Justice Tapp asked County Attorney Graves if Clerk Weaver, expert accountants of Louisville, who have been at work since last Thursday on the books of County Clerk Charles E. Graham, making out a report of the back tax collections, it having been alleged that County Clerk Graham had any right to retain the money.

Attorney Graves replied that there was no fixed time by statute or law in which to make such settlements and the motion to adopt the report of the accountants, leaving the payment or settlement out of the question, was then carried.

The question of the supplementary report was then brought up and Attorney Graves explained that he had assigned his 20 per cent fee for back collections to Clerk Graham, the latter paying a lump sum for it. It is the duty of the county attorney to send out notices of back tax dues, but it is the judgment of courts that property cannot be sold for back taxes, and there was a question raised as to whether the mere fact that a county attorney sent out the notices, which was as far as he could go towards prosecuting the sale of property for back taxes, would entitle him to the 20 per cent. Attorney Graves explained that he had read decisions and the late Judge Bishop had decided that the courts could not give a judgment against property for sale for back taxes, and that a precedent had been set in other county attorneys collecting the 20 per cent, when they did no more than send out notices. He stated that he had sent out all notices and never failed to perform all duties required.

Attorney Graves also stated that this 20 per cent. fee matter was brought up simply to confuse the court and make political capital and that if the board of magistrates did not want to take his decision in the matter of the legality of collecting the 20 per cent. it could get another attorney to give advice.

Justices Parker and Ghoshon spoke briefly in explanation of the matter and Justice Tapp offered a motion that inasmuch as a precedent had been set in the collection of this fee by the county attorney, and the court had upheld it, that the board vote the county attorney entitled to the fee and to disapprove the supplementary report which simply stated that the legality of the fee was to be decided by the board.

Justice Sears amended the motion by moving to employ another attorney to render an opinion as to whether Mr. Graves was entitled to the fee legally.

Justice Sheehan thought that inasmuch as Attorney Graves was so greatly concerned, "in deep water," he put it, he thought the board should get additional counsel to decide the point.

Attorney Graves very heatedly denied that he was "in deep water," and stated the matter was brought up simply to confuse the board and make political capital; moreover, that he knew the "Dirty Son of a bitch" who did it, and also who incidentally had placed the county judge in a false light with him, Mr. Graves. Mr. Graves grew very angry and rest will come of itself. Reform is of little value when humanity is savage.

The Third Squadron.

SOLDIERS RESTED AFTER THE RETREAT

Gen. Kropatkin Cheers Them Up and Expresses Hope.

Bounding of Gun Heard Today—Soldiers Have Confidence in New General.

OTHER NEWS FROM THE FRONT

With Russians at Guntzuling, Wednesday, March 22.—The rear guard now occupies Sipingha, seven miles north of Tieling.

Pursuit is slow, the main Japanese army apparently remaining at Tieling. Four days' rest at Tieling gave us a chance to reform our retreat, which has since been orderly.

Gen. Kropatkin arrived yesterday from Harbin, and was given an ovation. He spoke, hoping the army would soon retrieve its losses. The soldiers have much confidence in Lin-

chuan.

Contests report a force of irregulars operating eastward. They were cut off before they heard of the battle of Mukden and compelled to retrace their steps, probably making for Kirin. The bombing of big guns on the right bank is audible today (Guntzuling 106 miles north Tieling.)

Hussia Needs Seamen.

St. Petersburg, March 22.—A telegram says that the organization of a fourth squadron is delayed by the inability to secure seamen. Many officers are untrained boys and the crews are largely peasants.

Says War Will Follow War.

St. Petersburg, March 22.—Count Tolstoi, in an interview, reiterates his views on the inefficiency of the proposed governmental reforms. He says: "This striving for a renewal of the state is impossible until the people have within themselves the image of the living God. Civilization has become savage. When the war with Japan is finished there will be war with India and Tibet. Human happiness is only attainable when each individual will do his utmost, one in the workshop, another in the field and another to compose sonatas; it only matters that each fulfills his duty, creates some good positive, and rest will come of itself. Reform is of little value when humanity is savage."

The Third Squadron.

Canea, Island of Crete, Mar. 22.—The Russian Third Pacific Squadron under Admiral Nogatoff, has left Suda bay for Port Said.

Japan May Seize Island.

Victoria, B. C., Mar. 22.—Advices received by the steamer Hyades state that an expedition may be sent from Hokkaido to capture the Island of Sagallen, regarding which the Japanese feel they were cheated, when Russia forced the exchange for the Kuriles.

The Japanese shared the fishing privileges, which amounted to a million and a half dollars a year, with the Russians until recently, and now strong petitions are being made to the Japanese government to recapture the island. May 7th is the thirtieth anniversary of its occupation by the Russians and demonstrations are being made, seeking to have it retaken by that date. It is probable that the expedition will be sent coincident with the movement against Vladivostok.

Justice Sears amended the motion by moving to employ another attorney to render an opinion as to whether Mr. Graves was entitled to the fee legally.

Justice Sheehan thought that inasmuch as Attorney Graves was so greatly concerned, "in deep water," he put it, he thought the board should get additional counsel to decide the point.

Attorney Graves very heatedly denied that he was "in deep water," and stated the matter was brought up simply to confuse the board and make political capital; moreover, that he knew the "Dirty Son of a bitch" who did it, and also who incidentally had placed the county judge in a false light with him, Mr. Graves. Mr. Graves grew very angry and rest will come of itself. Reform is of little value when humanity is savage.

The Third Squadron.

Canea, Island of Crete, Mar. 22.—The Russian Third Pacific Squadron under Admiral Nogatoff, has left Suda bay for Port Said.

SECRET SERVICE MEN

Watch Beef Trust Witnesses Very Closely.

Chicago, March 22.—Fifteen secret service men have been brought to Chicago to guard the witnesses who will appear and testify before the special grand jury which today began the investigation of the transactions of the so-called "beef-trust."

President C. W. Wells, of the United Mine Workers of District No. 23, and C. A. Barnaby, of the sonic committee of the miners, did not take the same view of the matter as Mr. Wood. They were inclined to believe last night that everything could be settled without a disruption of the joint conference. They desired the fact that the matter had been made public.

President C. W. Wells, of the United Mine Workers of District No. 23, and C. A. Barnaby, of the sonic committee of the miners, did not take the same view of the matter as Mr. Wood. They were inclined to believe last night that everything could be settled without a disruption of the joint conference. They desired the fact that the matter had been made public.

Counterfeiting Portuguese Money.

Lisbon, March 22.—The government discovers that a quantity of counterfeit Portuguese bond is circulating. A Portuguese army officer has been arrested and distinguished personages are reported to be involved. The banks had eighty thousand dollars of the counterfeits and many are believed to have been sent abroad.

21 GUNS.

Will Be Fired in Honor of President When He Reaches Kentucky.

Louisville, Ky., Mar. 22.—The national salute of twenty-one guns will be fired in honor of President Roosevelt as he enters Louisville the morning of April 4, and also as he leaves a few hours later.

This salute is prescribed by the army regulations, and Col. Biscoe Hindman, of the First Kentucky regiment, has announced that, as it is his duty as colonel commanding, he will arrange that this honor be shown the president. The location of the four cannon, which will be fired twenty-one times, has not yet been fully decided upon.

RAILROAD MEN.

Are Being Picked for Good Places on the Canal Commission.

Washington, March 22.—Beside Huron Hart, the president is considering President Loree, of the Erie road, and ex-President S. M. Felton, of the Alton road, for places on the new canal commission.

The man could not have walked

any distance with such a gun shot

wound in his breast, the physicians say, and the fact that all the blood near Patterson's house had been covered with ashes, leaves considerable yet to explain.

Examining Trial Tomorrow.

Martin Patterson, who killed Tee Macklin, colored, night before last, will be given a hearing tomorrow morning.

The man could not have walked

any distance with such a gun shot

wound in his breast, the physicians say, and the fact that all the blood

near Patterson's house had been covered with ashes, leaves considerable yet to explain.

RUPTURE IMMINENT IN MINERS' AFFAIRS

The Operators and Union Men Fall to Agree.

Operators Force the Miners to Exclude J. D. Wood From the Joint Conferences.

STRIKE PREDICTED BY SOME

GERMANY COURTING FRANCE.

The usual talk of a strike in the Southwestern Kentucky coal fields for April 1 is at present indulged in. Every year the miners and operators hold meetings and wrangle and each side declares it will never give in, and it usually winds up at the last minute by both sides making a truce.

The miners' convention at Louisville and the joint conference of the miners and operators following it have been unusually hot this year.

In this miners' convention there came near being a fight when J. D. Wood and others paid their respects to one another from a personal standpoint.

Yesterday the joint conference would have broken up in a row had not J. D. Wood been excluded from the meeting. Wood is the well known agitator of Central City who started out from Paducah three years ago with a show company playing a story based on the Hopkins county miners' strike events. Wood was the hero but the show did not last long.

He is well known in Paducah, however, and the operators took a dislike to his ways at Louisville yesterday and said they would decline to discuss the scale further unless he was put out.

He was accordingly excluded and had to learn the proceedings from a shorthand report given to him in the lobby. Mr. Wood claims that unless the operators agree to the miners' demands, there will be a strike, but others do not take such a pessimistic view of the situation, and think differences will be adjusted.

Mr. Wood, in discussing the matter, said: "The miners of this district mean business. They came here to discuss the wage scale with the operators in a frank and open manner, but the operators have tried all along to avoid an open discussion. They have asked for time and committees meeting several times, and when they got them they absolutely refused to make any concessions. They alone have delayed the work of this joint conference. The reason they do not want to discuss this question with me in open convention is that they know that I have the facts and the figures that cannot be controverted."

President C. W. Wells, of the United Mine Workers of District No. 23, and C. A. Barnaby, of the sonic committee of the miners, did not take the same view of the matter as Mr. Wood. They were inclined to believe last night that everything could be settled without a disruption of the joint conference.

SECRET SERVICE MEN

Watch Beef Trust Witnesses Very Closely.

Chicago, March 22.—Fifteen secret service men have been brought to Chicago to guard the witnesses who will appear and testify before the special grand jury which today began the investigation of the transactions of the so-called "beef-trust."

So great is the desire of federal officials to maintain strict secrecy in the investigation that every witness who testifies will be closely guarded by one of the secret service men to prevent his being approached by newspaper men or agents of the packers.

C. H. Morrison, who was yesterday appointed district attorney, declared that any person detected speaking to, or inquiring the name of any of the witnesses would be liable to contempt of court.

SUICIDE CLAUSE

Is Valid in Ohio According to Supreme Court.

Columbus, O., March 22.—The supreme court yesterday affirmed the validity of the suicide clause in an assessment policy. The decision was given in the case of Perry P. Tisch against the Protected Home Circle, an assessment insurance society. Tisch

A Dollar's Worth Free To An Rheumatic Sufferer

I ask no deposit—no reference security. There is nothing to risk nothing to promise. I will pay either now or later. Any rheumatic sufferer who does not know my remedy may have a full dollar's worth free.

I willingly make this liberal offer because I know that Dr. Shoop's rheumatic remedy may be relied upon ALWAYS to bring the physical relief of medicine can bring. Before I discovered this remedy, I studied the nature of rheumatism. For rheumatism is really

nothing more than a poison—the poison you eat and drink and breathe into your system. It is the poison of the blood, absorbed and carried on this poison, the kidney, which are the blood filters, are expected to cleanse the blood and send it back through the system clear to the heart, from which they, in turn, will eliminate.

But sometimes the kidneys fail and sometimes, from some other cause, the blood fails to remove the poison absorbed. This is the start of rheumatism. And the kidneys, which are the blood filters, are expected to cleanse the blood and send it back through the system clear to the heart, from which they, in turn, will eliminate.

The kidneys are the body's natural filter, but if the kidneys fail to remove the poison, then the body must be relieved of the poison. The crystals look like little grains of sand, fine white sand, the blood carries them and they increase in size. Then, when it can carry them no longer, it deposits them in a joint.

The twinge in your leg—the dull ache in your arm on a rainy day—these are the outward signs of the poison crystals. And the two limbs are the main channels of the sufferer who has allowed his symptoms to go unnoticed and unattended for years—they are the evidences of what rheumatism has done to him.

Rheumatism includes lameness, rheumatism, gout—for all these are the results of rheumatic poison in the blood.

Play the first thing to do is to remove the poison. But this is not enough. The FORMATION of the poison must be stopped, so that nothing can happen to distract and delay the removal of the poison. That is why I can afford to send the FIRST dollar that rheumatic sufferers, the world over, may learn of my remedy.

I searched the whole earth for a specific for rheumatism—something that I or any physician could find safe in prescribing—something that we

mild cases are sometimes cured by in drug stores.

Dr. Shoop's Rheumatic Remedy

the second at J. L. Wolff's, for the third contest, at Warren & Warren's.

The buggy for the most popular man in the county, is one Powell & Rogers sell for \$65, and can be seen at their place of business.

Daily Thought.

Facilities must be exercised or they will not grow. We can have just what we use, and that will constantly increase; everything else will be gradually taken away from us.—Success.

The Weather.

Unsettled weather with probably showers tonight and Thursday. Rising temperature.

WORKING PRISONERS ON THE STREETS.

The recent peonage decision of the United States supreme court may have an indirect bearing on the fifty or more damage suits filed against the city of Paducah for working prisoners on the streets. Judge Speer, in the federal court at Atlanta, Ga., in his charge to the federal grand jury Monday according to a dispatch "confined his charge almost exclusively to a discussion of the peonage decision handed down last week by the supreme court of the United States in the case of Clyatt, from Florida."

Judge Speer said it may be long before that court will have the opportunity to render another opinion so vital to the future of the country.

"It is salutary to the black man, but to the white man it is infinitely more so. As to the labor and liberty of every citizen, it has nullified that vicious principle, 'Let him take who has the power and let him keep who can.'

Judge Speer concluded: "For myself I do not hesitate to declare that enforced labor on a local chain gang for an offense not amounting to crime is involuntary servitude and peonage in the light of the decision of the supreme court of the United States, no matter what the state law or municipal ordinance on the subject may be."

"Should the Sultan of Morocco or Abdul Hamid at Constantinople consign to an Oriental chain gang American citizens for such trifles as are then daily punished here, before the sun went down the steel-clad battleships of the Union would be speeding over the ocean wave to demand redress for the injury or to avenge the wrong. Let peonage be fastened on our system and all may soon, with Bismarck, exclaim:

"We are slaves; the bright sun rises to its course and lights race falls of slaves; its sets and its last beam falls on a slave."

DEAL'S ORCHESTRAL BAND.

Mr. Deal with his excellent orchestral band gave ample evidence in his Westoverian concert at the Y. M. C. A. last evening that he has given the city an organization of which it can be justly proud. In coming to Paducah three years ago, Mr. Deal saw the opening for a small band, or an orchestral band, as he calls it, and has worked faithfully and energetically to organize one that would and could be a credit to the city. With a handful of musicians of latent talent, men who loved music for the art's sake, he has developed an organization that surprised its auditors last evening.

While the suggestion might seem an extravagant one, still the thought has occurred to not one, but many of the friends of the band that in it Paducah may have the nucleus for an organization that may be to the city a day, in a measure, what Thom-

"IN A BAD WAY."

Many a Paducah Header Will Feel Grateful For This Information.

RUMOR OF CHANGE PROVES CORRECT

Chief Engineer H. U. Wallace, of the I. C. Resigns.

M. A. S. Baldwin Will Succeed him
—Mr. Wallace Goes to Panama Soon.

A NEW CHIEF DETECTIVE ALSO.

Circulars have been issued out of Chicago by the I. C. announcing the resignation of H. U. Wallace, as chief engineer of the I. C., and the appointment in his place of A. S. Baldwin, who has been engineer of construction. Mr. Baldwin is succeeded by Principal Assistant Engineer H. R. Safford, who is well-known here, having accompanied Mr. Wallace to Paducah on several tours of inspection.

Mr. Wallace was at one time superintendent of the Louisville division of the road and his rise in railroad circles has been rapid. His father resigned as general manager some time ago to accept the position of chief engineer on the Panama canal-work, and it is said Mr. Wallace will go to Panama and work with his father.

The many admirers all over the world of Secretary of State John Hay will wish him a speedy recovery from his present illness. Secretary Hay is one of the world's foremost diplomats, and is respected for his great intellect and unexcelled ability in the position for which he was chosen by the president. He is too good a man to lose and it is hoped will quickly recover and be able to return to his post.

Remember the name—Doan's—and take no other.

as' orchestra is to Chicago, or the Pittsburgh orchestra to Pittsburgh.

The many admirers all over the world of Secretary of State John Hay will wish him a speedy recovery from his present illness. Secretary Hay is one of the world's foremost diplomats, and is respected for his great intellect and unexcelled ability in the position for which he was chosen by the president. He is too good a man to lose and it is hoped will quickly recover and be able to return to his post.

PETER PURYEAR,
Notary Public.

My commission expires Jan. 22, 1908.

A secret society and a prominent physician have asked permission to furnish wards at the new city hospital, but neither has been given any answer. Others would ask, and are anxious to equip wards, but they can get no satisfaction out of city officials. What's the matter? Why isn't something done towards preparing this new institution for use?

Gov. Folk not' only believes in sending all who deserve to be there to prison, but he believes equally as much in letting out all those who don't deserve it. He has just pardoned a train robber who had ten years.

Secretary Taft is being mentioned for president four years hence. He is an able man, and would make a fine executive. He is from Cincinnati, making him almost "home folks" to us here in Kentucky.

Jo Blackburn says he is not afraid of getting left in the senatorial race, but great men often change their minds—and Jo's friends say he is a great man.

YOU DON'T HAVE TO WAIT

Every dose makes you feel better. Take your whole inside right. Sold on the money back plan everywhere. Price 5 cents

Advertisement for Proposals.

Paducah, Ky., Mar. 22, 1905.

Sealed proposals will be received at this building until 2 o'clock p. m., April 8, 1905, for furnishing fuel, lights, water, ice, miscellaneous supplies; washing towels and splashing streets for this building during the fiscal year ending June 30, 1906, or such portion of the year as may be deemed advisable. The right to reject any and all bids is reserved by the treasury department.

F. M. FISHER, Custodian.

Death in Marshall.

Ray, the three-year-old son of Mr. and Mrs. J. Wiley Parks, died yesterday at Wiley, Marshall county, after brief illness. The funeral took place today, services by Rev. T. F. Harrison, of the Primitive Baptist church, burial in the family cemetery.

It's a daily occurrence for one customer to come into our store to purchase a suit of clothing and tell us he was offered the same suit on Broadway for two, three and sometimes four dollars more than we sell it.

Of course he wants to know how we do it. First, we sell for cash; then we know how and where to buy—we don't mean by this statement that others don't, but we know we buy as close as it can be done; then we don't have to get the profit the Broadway does. Being a department store, we believe in being satisfied with small profits and making many sales.

We will sell a suit for \$5, \$6, \$7.50, \$8.50, \$9.50, \$11 and \$12 that you will have to pay two to four dollars more for elsewhere in the city.

REVIVAL NEWS

GOOD CROWD AND INTEREST LAST NIGHT.

Meeting to begin at Mayfield by Evangelist Holcomb—Revival at Rescue Mission.

The revival at the First Christian church is increasing in interest and numbers as was evidenced last evening. Mr. Pinkerton preached fervently on "The Power That Shakes a City," and the singing of Mr. and Mrs. Kendall was very impressive. There were two professions at the close of the service.

Tonight the sermon will be "The Words of This Life" and the illustrated song is "Throw Out the Life Line."

Rev. P. M. Kendall who is assisting Rev. W. H. Pinkerton in the revival, will on Sunday afternoon hold an especial service at the Young Men's Christian Association. The singing will be an especial feature, but Mr. Kendall will also make the address.

There will be a male quartet and Mr. Kendall will have his cornet. The service will be of especial interest and all men are cordially invited.

Evangelist Walter Holcomb, of North Carolina, who conducted a revival here last fall, will this week begin a meeting at Mayfield. Doubtless many Paducahans will attend as many were interested in Mr. Holcomb when here. Mr. Holcomb is just from Dallas, Tex., where he held a successful meeting, and was in Nashville, Tenn., for a few days en route to Mayfield.

Another change on the road which has been announced by circular is that of P. O'Keefe, chief detective of the road. Mr. O'Keefe is temporarily succeeded by Mr. J. J. Howe, and Mr. Howe is succeeded by Mr. Welch.

SETS PRECEDENT.

New Jersey Judge Says Woman's Tongue Is Conceded Weapon.

Morristown, N. J., March 22.—Judge Edward L. Cook, of Madison, who has been the terror of auto-burglars for many years, has gained further distinction as a wise proponent of the law. Under his latest decision, it has been found that the woman's tongue, when used upon a Justice of the peace, becomes a concealed weapon.

Yesterday Mrs. Parker made a complaint against Mrs. Eva Morse for calling her vile names. The justice tried to settle the case, and after dismissing the complaint, endeavored to make the women shake hands. It was then that they turned their tongues loose upon the justice.

He did not look up, but made out a complaint under the seventh section of the disorderly act, which relates to concealed weapons, and fined them \$10 each. Mrs. Morse had the case brought up before County Judge Mills for review and the conviction was set aside and the money paid back.

NOT UNTIL APRIL.

Will the Matter of Running the Dawson Hotel Be Decided.

It is understood that the matter of running the New Century Hotel at Dawson Springs, which was managed by Messrs. Charles Reed and L. D. Wilcox of Paducah, last season, will not be settled this year until April 12th. On that date an answer will be given to the owners. It is reported that Mr. Reed may give up his share of the lease.

RAISES WAGES.

Capt. Dan Flanigan Will Pay His Men More Money.

Capt. Dan Flanigan, owner of the South Side docks, will, beginning April 1st, it is announced, pay his men \$3.25 a day. He will continue to charge steamboat owners but \$3.50 a day, however. He has been paying the men \$3 and charging the steamboat owners \$3.50. After April 1st he will give his men 25 cents of the 50 cents royalty that he receives.

Dr. J. S. Troutman dressed the injury which will lay the drainer off for several days.

KICKED BY HORSE.

Fireman Henry Robinson Painfully Hurt Today.

Mr. Henry Robinson, a fireman employed at the No. 2 station, was painfully injured this morning while currying Mr. A. J. Decker's horse.

Mr. Decker sent his horse over for currying by machinery, the stationmen sometimes doing this work, and Mr. Robinson started working on the animal. Suddenly he received a kick on the right leg above the knee, and a deep gash was inflicted and the leg badly bruised.

Dr. J. S. Troutman dressed the injury which will lay the drainer off for several days.

Found Note in Bottle.

Otto Dyer found a note in the Ohio river at this place Monday morning which contained the following letter:

Hockport, Ind., March 12, 1905.
Dear Friend:

The person finding this note will be doing me a favor by notifying me. I would like very much to know how far it went and who received it. Hoping to hear from it, I remain,

Respectfully,

MISS HETTIE FRANK,

H. F. D. 3, Hockport, Ind.—Morning Journal-Bulletin.

AUTHOR DYING.

Remnant Sale

Friday Saturday

Friday and Saturday we are going to have a Remnant Sale. Remnants from entire stock, from SILKS to CALICOS, will be on center counter where you can easily find them, and see what bargains you are offered. Remnants mostly in Shirt Waist and Skirt patterns, and lots of pieces suitable for school dresses. All clean and mostly fresh cut. We want to have a clear stock to begin spring with, and this is your opportunity to take advantage of our desire and buy at bargain prices.

LOCAL LINES.

—For Dr. Pendley ring 416.
—Sign and carriage painting, G. R. Sexton, both phones, 401.

—Cardboard and matboard; all colors, suitable for Passa Partoutting, at R. D. Clements & Co.

—For good, clean coal order of Ole Overstreet, 823 Harrison. Old phone 479; new phone 826.

—Call Palmer Transfer Co. for carriages, baggage wagons and first-class livery rig. Hack fares and trunks strictly cash. Best service in the city.

—For good, clean coal order of Ole Overstreet, 823 Harrison. Old phone 479; new phone 826.

—Last night the stores downtown kept open and enjoyed good trade as a result of the pay car's arrival.

—Final nominations are to be made tomorrow night by the Elks for the annual election, which takes place Thursday week.

A contract to paper all the offices in the Fraternity building has been let to Kelly & Umbranah. The work will require a week or two.

—All the new radios have now been placed in the market house and greatly improve the appearance of the building.

The new city hospital has been completed entirely with the exception of a wash-stand which is now on its way. The city has done nothing towards taking charge of the hospital or deciding how it is to be managed.

The city is again threatening to take out warrants against owners of buildings that should be equipped with fire escapes, and are not.

Mr. George Robertson's pet deer was killed by trying to get through a wire fence at his home on Third and Harrison streets.

—Charles Mason, the coal dealer who disappeared sometime ago, and it was reported would return to Paducah last week, has not returned and it is not thought now that he will come back.

Mrs. Nona Stokes, of The Sun job rooms, got a finger badly mashed

ed this morning while working at home. The injury was dressed by Dr. P. H. Stewart.

—Mr. Ben Price, of Deal's band, had his drum stolen from the K. P. hall last night.

Walter C. Jones, aged 29, and Pearl Story, aged 24, colored, of the city, have been licensed to wed.

—Red Hubbard, who had both legs cut off in a railroad accident is much better. His doctors say his wonderful constitution will pull him through.

SUES HESSIG.

Bond Company Wants to Be Indemnified Against Loss.

The Fidelity Deposit Co., of Maryland, today filed an attachment suit in circuit court here, through Attorneys Wheeler, Hughes and Berry, to insure it against judgments in Tennessee that may result in cases brought against Dr. H. T. Hessig, administrator of the estate of F. A. Hessig.

The suit is filed against Dr. H. T. Hessig, as administrator, and is for a total of \$1,065. Two suits have been filed in Tennessee, one for an inheritance tax of \$500 and the other for about \$500 for the value of diamonds. Marie Walnwright alleges her deceased, F. A. Hessig, had belonging to her. The attorneys' fees along with the principal sued for, will amount to the above, and the deposit company, which went bond for Hessig as administrator, and which is made a party of the suit, desires to insure itself against the judgments, having been released as surety for the administrator.

Hessig's saloon on South Third between Broadway and Kentucky avenue was closed by attachment following the suit.

SCHOOL TRUSTEES.

Are Today Conferring Over Building Plans.

The building committee and President H. F. Williamson are this afternoon examining specifications and working plans for the new school house in Mechanicsburg to be built this summer.

Supt. of Buildings Fred Hoyer, who drew the plans, was present to explain and will have charge of the building. The committee desires to get to work as fast as possible on the building.

Rubber Gloves will save your hands. Ammonia in the water will make the glass shine. Chloride of Lime kills bad odor. Sulphur Candles destroy all forms of bugs and germs. Our Silver Soap cleans and polishes silverware. A Small Can of Paint will cover a multitude of sins.

We Keep 'Em All

INCORPORATED.

DRUGGISTS

5th and B'way

People and Pleasant Events

An Evening With Wagner. Those who heard Deal's orchestra band in their "Wagner Concert" last evening at the Y. M. C. A. hall, were most fortunate, indeed, and so considered themselves. While the audience was not as large as it would doubtless have been if Lent and the revival meeting at the First Christian church had not been in progress, it was a very representative one, and was most enthusiastic in its applause and commendations.

Prof. Dent and his splendid band surprised even their most sanguine friends last night. They gave six selections from Wagner, with a spirit, finish, and sympathy that showed they had caught the great composer's motif, even to its fitting interpretation. Tannhauser, Lohengrin, and Parsifal were each represented by several selections. The Pilgrim's Chorus from Tannhauser was repeated by request at the close. "The Blended Selections from Parsifal" was very fine.

An especially attractive feature was the little talk made by Mr. Deal introducing each selection. In a concise way he sketched the opera, gave an idea of the motif of the piece. His ideal of music showed him to be on a high plane and emphasized his ability as a leader.

Mr. Deal is arranging to take his band to Mayfield, Fulton and other nearby cities. They will play Wagner in the afternoon and popular concerts at night. He has not yet set the dates, but has a man out arranging for them. These cities will give him a liberal patronage if they are all up-to-date places they are credited with being.

Married Last Evening.

The marriage of Miss Lillian Low and Mr. Henry Budke took place last evening at the home of the bride on South Thirteenth street, Rev. H. W. Bass, of the tenth street Christian church officiated. A number of friends of the young couple were present.

The bride is the daughter of Mrs. Sallie Low and is a pretty and attractive young lady. The groom is a popular employee of the I. C. railroad.

The couple will keep house on Kentucky avenue near Thirteenth street.

Miss Farley's Recital in Metropolis.

The Metropolis papers announce a recital in that city on next Friday evening by Miss May Adaleen Farley of Whittemore, Iowa, and quote a most complimentary notice of Miss Farley's talent and charm as an elocutionist, taken from a Washington, D. C. paper.

Miss Farley has been the guest of her cousins, the Misses Farley, of Farley Place, this city, and has made many friends by her attractive personality. Doubtless a number will go from here to her recital at Metropolis.

Organ Recital.

Mr. Harry Gilbert will give the first of a series of organ recitals this afternoon from 5 to 6 o'clock at the First Christian church. A delightful program will be rendered, and the public is cordially invited.

Entre Nous Club.

Miss Little May Winstead will entertain the Entre Nous club on Friday afternoon, instead of Thursday, my first intended.

Mr. Will Scott, of the Farmers and Mechanics' Savings bank, left today for Biloxie, and other southern coast cities, to recuperate after a severe attack of grippe. He will be absent several weeks.

Mr. and Mrs. Charles Moognoe and Miss Myrtle Greer left last evening for a trip to Chicago.

Mr. James E. Rankin and daughter, Mrs. G. N. Getz, of Henderson, Ky., are at the Palmer house. Mr. Rankin formerly lived here.

Mr. Edgar Starks, of Benton, Ky., is in the city on business.

Mrs. Prudie Williams has returned from a visit to Mrs. Ivan Merritt, of Mayfield, Ky.

Mrs. H. K. Henry, of Corydon, Ky., is visiting her sister, Mrs. Ed. Wheeler.

Mr. George Daniels will return Thursday from Philadelphia where he has been attending school.

Mrs. A. A. Halley will leave for the east on Friday to look through the summer millinery openings, and purchase her stock.

Mrs. E. C. McFee has returned after a visit to friends and relatives in Henth, Ky.

Mrs. C. H. Chamblin will leave tomorrow for St. Louis to visit.

Mr. Claud Desha, of Cynthiana, Ky., is at the Palmer House.

Mr. E. W. Smith, formerly of Paducah, but now of Los Angeles, Calif., is in the city on business.

Mrs. Frank Hoyd has returned from a visit to Golconda.

Thrush Cut Off.

N. A. Coley, a sawyer employed at the Paducah Furniture Mfg. Co. plant, got his left thumb cut off at the mill this morning. He got his hand into a saw. The injury was dressed by Dr. Frank Boyd.

A New Scheme.

Washington, March 22.—Rate legislation opponents are distributing much literature. Some is designed to resemble interstate commerce commission publications and is the work of railroad attorneys. Many will kick to the commission.

Fish Creates a Sensation.

New Orleans, March 22.—President Fish of the Illinois Central, is here and charges that the water supply was tampered with when Sunbeam Docke were consumed. It has created a sensation.

LANG HIROS' SUCCESS.

Great Popularity of Plan to Sell Medicine at Half-Price and Guarantee a Cure.

Lang Hros., the enterprising druggists, rather than await the ordinary methods of introduction, urged the Dr. Howard Co. to secure a quick sale for the cure of constipation and dyspepsia by offering the regular 50¢ bottle at half-price.

The wonderful success of this plan was a great surprise even to Lang Hros., and today there are scores of people here in Paducah who are using and praising this remarkable remedy.

So much ink has been caused by this offer, and so many new friends have been made for the specific, that the Dr. Howard Co. have authorized druggists Lang Hros. to continue this special-price sale for a limited time longer.

SEVERAL KILLED

BY A TWISTER IN RANDOLPH COUNTY, ALA.

Destroyed Much Property After Killing Nine People and Doing Other Damage.

Opelika, Ala., March 22.—The Opelika News publishes a special from Roanoke, Randolph county, Alabama, stating that reports have reached Roanoke of one of the most disastrous storms that ever visited that section, which swept across the southern part of Randolph county Tuesday. Eight or nine lives are known to have been lost, and damage amounting to thousands of dollars was done to property.

The cyclone started at a point near Double Heads and proceeded in a northwestern course. The residence of Mack Carlisle was demolished, and R. C. Hayes of Roanoke was killed. Six miles east several houses were demolished. Three negroes were killed and several injured on the Wilson plantation. Three or four negroes were killed on the Holly plantation, near Rocky Mills.

At Lime Postoffice a store was demolished and a little white girl, daughter of a Mr. Lucas, was killed, and her mother seriously injured.

UNIFORM RANK

KNIGHTS OF PYTHIAS REORGANIZE AND BEGIN DRILLS.

Paducah May Yet Get the K. of Widows and Orphans' Home.

The uniform rank of Paducah Knights of Pythias has been reorganized with twenty-one members to start on, and tonight regular drills will begin. It is expected that there will be many additions to the rank in a short time.

It is announced by the grand chancellor that the opening of the K. of P. Widows' and Orphans' Home at Lexington, Ky., has been deferred indefinitely, and will not take place at least until after the meeting of the grand lodge next October. It was found after the home had been awarded to Lexington that the contract gave Fayette county the right to send its pauper citizens to the home if it wanted to. It is understood that the entire subject will be

BADLY NEEDED

IS THIS PLANK WALK ORDERED BY THE COUNCIL?

The School Authorities Are Very Anxious to Have Aldermen Concurred.

The school authorities are very glad and gratified that the council authorized the building of a plank walk on George street to accommodate the hundreds of school children who otherwise have to walk many squares out of their way.

The plank walk has been a necessity but the council heretofore did not think it was. The matter has to go before the board of aldermen before the walk can be built and it is probable several school authorities will be present tomorrow night to urge its passage.

Supt. Leib stated this morning that he and the railroad company had been in correspondence some little time relative to sending children

coming through the shop yards going to and from the High school, but there was no way to remedy it except in the extension of 12th street over Blunkett hill to come out near 10th or 11th street and make it possible for the children to avoid the larger number of tracks.

Children are often tempted to mischief while passing through the shop yards and climb about the cars, turn on air cocks and do numerous other things detrimental to the railroad, and the school authorities as well as the railroad will prevail upon the city to extend 12th street in order to keep the children out of the railroad yards.

FUNERAL TODAY.

Burial of the Late Col. James P. Thompson in Oak Grove.

The funeral of the late Col. James P. Thompson, who died yesterday, took place this afternoon at 3:30 o'clock at the residence, Fourth and Washington streets, Rev. W. E. Cave, of the First Presbyterian church, officiating. The burial will be at Oak Grove.

The pall bearers were: Messrs. Henry Orne, George Wright, Joe Alexander, G. H. Davis, E. W. Bagby and James M. Brown.

ONLY SLIGHT DAMAGE.

Small Blaze at the Basket Factory Early Last Evening.

A lantern was overturned in the room at the Mengenholz-Horton basket factory on Meyers street about 8:30 o'clock last night and as a result the South Side fire department were called out by an alarm from the Western Union's private system. The basket factory is running at night and this is the reason the lantern came to be there. The factory hands extinguished the flames before the Bremen arrived, and the damage was slight.

Died of Pneumonia.

Mr. and Mrs. C. F. McElroy, of 1337 Kentucky avenue, are mourning the death of their seven months old daughter, who died from pneumonia. The burial took place at Oak Grove.

OLD PHYSICIAN.

Dr. Joe Porter Dies Near Paris, Tenn., of Old Age.

Mr. Charles Porter, manager of the Forked Deer Tobacco factory here, has received news of the death of his uncle, Dr. Josiah Porter, the oldest native born citizen of Paris, Tenn. Dr. Porter was known to a number of Paducah people, especially the travelling men. He was 80 years old, and a son of Dr. T. R. Porter, a pioneer physician of Paris, and an older brother of former Gov. Jas. D. Porter of Nashville. Dr. Porter was born in Paris and graduated in medicine at the Transylvania college, of Lexington, Ky., in March, 1846, and had been engaged in an extensive practice in Henry county ever since until a few years ago, when he suffered a stroke of paralysis.

Dr. Porter served as captain and surgeon in the Fifth Tennessee Infantry during the war between the states and was prominent in politics for years, though never an aspirant for office.

Louisville Man Suicides.

Indianapolis, Ind., Mar. 22.—Penniless and despondent over business failure, a man in Louisville

drank carbolic acid in a vacant house on Main street. He died on his way to the hospital. In his pocket was a court paper showing that he had been declared a bankrupt on September 5th, 1904.

The Wings of the Morning

By LOUIS TRACY
Copyright, 1903, by
Edward J. Claude

He rose, well pleased, and noted that on the opposite side the appearance of the shrubs and tufts of long grass indicated the existence of a grown over path toward the cliff. He followed it, walking carelessly, with eyes seeking the prospect beyond, when something rattled his cracked beneath his feet. Looking down, he was horrified to find he was trampling on a skeleton.

Had a venomous snake coiled its glistening folds around his leg he would not have been more startled. But this man of iron nerve soon recovered. He frowned deeply after the first involuntary heart throb.

With the stick he cleared away the undergrowth and revealed the skeleton of a man. The bones were big and strong, but oxidized by the action of the air. Jenks had injured the left tibia by his tread, but three fractured ribs and a cracked shoulder blade told some terrible unwritten story.

Beneath the mournful robes were fragments of decayed cloth. It was blue serge. Lying about were a few blackened objects, brass button flashes with an anchor. The dead man's boots were in the best state of preservation, but the leather had shrunk, and the nail protruded like fangs.

A rusted pocketknife lay there, and on the left breast of the skeleton rested a round piece of tin, the top of a canister, which might have reposed in a coat pocket, Jenks picked it up. Bone and muscle and tissues were packed into its surface. After a hasty glance he put it aside for more leisurely examination.

No weapon was visible. He could form no estimate as to the cause of the death of this poor unknown nor the time since the tragedy had occurred.

Jenks must have stood many minutes before he perceived that the skeleton was headless. At first he imagined that in ramming along with the stick he had dislodged the skull. But the most minute search demonstrated that it had gone had been taken away, in fact of the plants which so effectively screened the lighter bones would not permit the skull to vanish.

Then the frown on the sailor's face became threatening, thunderous. He recollects the rusty creases. Indistinct memories of strange tales of the China sea crowded unbidden to his brain.

"Dyaks!" he growled fiercely. "A ship's officer, an Englishman probably, murdered by head hunting Dyak pirates."

If they came once they would come again.

Five hundred yards away Iris Deane was sleeping. He ought not to have left her alone. And then, with the devilish inclemency of coincidence, a reverberant shot awoke the echoes and sent all manner of wild fowl hurtling through the trees with clamorous outcry.

Panting and wild eyed, Jenks was at the girl's side in an inconceivably short space of time. She was not beneath the shelter of the grave, but on the sand, gazing pallid in cheek and lip, at the group of rocks on the edge of the lagoon.

"What is the matter?" he gasped.

"Oh, I don't know!" she wailed brokenly. "I had a dream, such a horrible dream. You were struggling with some awful thing down there." She pointed to the rocks.

"I was not near the place," he said laboriously. "It cost him an effort to breathe. His broad chest expanded inches with each respiration.

"Yes, yes, I understand. But I awoke and ran to save you. When I got here I saw something, a thing with waving arms, and fired. It vanished, and then you came."

The sailor walked slowly to the rocks. A fresh chip off the stem showed where the bullet struck. One huge boulder was wet, as if water had been splashed over it. He halted and looked intently into the water. Not a fish was to be seen, but small sprays of sand were eddying up from the bottom, where it shelved steeply from the shore.

Iris followed him. "See!" she cried excitedly. "I was not mistaken. There was something here."

A creepy sensation ran up the man's spine and passed behind his ears. At this spot the drowned Lascars were lying. Like an inspiration came the knowledge that the cutletfish, the devoured octopus, abounds in the China sea.

His face was livid when he turned to Iris. "You are overwrought—by far, tigine, Miss Deane," he said. "What you saw was probably a seal." He knew the ludicrous substitution would not be questioned. "Please go and lie down again."

"I cannot," she protested. "I am too frightened."

"Frightened! It's a dream! In broad daylight!"

"But why are you so pale? What has alarmed you?"

"Can you ask? Did you not give the agreed signal?"

"Yes, but!" Her inquiring glance fell. He was breathless from agitation rather than emotion. He was perturbed on her account. For an instant she had looked

Revealed the skeleton of a man.

"I will go back," she said quietly, "though I would rather accompany you. What are you doing?"

"Seeking a place to lay our heads," he answered, with gruff carelessness. "You really must rest, Miss Deane. Otherwise you will be broken up by fatigue and become ill."

So Iris again sought her couch of sand, and the sailor returned to the skeleton. They separated unwillingly, each thinking only of the other's safety and comfort.

ONLY AT CORNERS

WH Cars Stop After April 1st in Paducah.

The street car company has adopted a new rule, effective April 1st. Alter that date all street cars will stop only at corners. At present in the business part of town, on Broadway, the cars do not stop except at the intersections, and after the first of the coming month, none of them will stop anywhere in the city except at intersections. Where there should be an intersection and is not, as at Eighth and Broadway where the street does not come through, signs will be placed stating that the cars will stop there. By this new method, which is in vogue in all the cities, the cars will run much more regularly, and make better time.

Clarksville Tobacco Market.
Clarksville, Tenn., Mar. 22.—The receipts in the local tobacco market last week were 286 hogheads, offering 32 hogheads, sales 30 hogheads, nearly all of which was old tobacco. The receipts are steadily increasing.

The mild weather permits of the handling of the crop in the barns, and the crop is being hauled to the association's and dealers' factories. The small receipts at the local tobacco warehouses are an indication of how large control the Planters' association has of the crop. Old tobacco is selling relatively low, for which we quote:

Low lugs, \$3.50 to \$3.75; common lugs, \$3.15 to \$4.00; medium lugs, \$4.00 to \$4.25; good lugs, \$4.25 to \$4.75; low leaf, \$4.75 to \$5.50; common leaf, \$5.75 to \$6.75; medium leaf, \$7.00 to \$8.00.

Major T. E. Moss Makes a Touching Address to His Old Comrades.

A HEALTHY FAMILY

Is the one that can rightfully boast of pure blood. When the rich, red wine of life is coursing through the veins it imparts vigor and strength to the body and healthy action to all parts of the system. A healthy family is a wealthy family; it may be poor in worldly goods, but possessed of a priceless jewel that all the riches of earth cannot buy. A healthy family may not carry in their veins the blood of titled nobles or distinguished ancestors, but vigorous health is always an evidence of the best and purest blood, for the vital fluid contains all material necessary for the making of bone and muscle and the growth and development of the body, and upon its purity rests our chances for good health. When the body is fed upon weak, sickly blood the system languishes, growth is stunted, disease enters without hindrance, and the simplest maladies are apt to develop into serious sickness. In so many ways does the blood become contaminated that the fewest number succeed in keeping this life-giving, health-sustaining fluid in a pure and natural state. We inherit the disease-tainted blood of ancestors, parents transmit to their children such impoverished and weak blood that their lives are a continuous battle against disease, and from earliest infancy are harassed by sores and the most

dreadful skin eruptions, and heirs to some old family disease. No one has a right to throw upon the shoulders of posterity a disease that might have been eradicated, or allow the blood to remain impure without an effort to restore it to health. Rheumatism, Catarrh, Scrofula and many of the severer forms of skin diseases are frequently inherited, and only the most thorough constitutional treatment can remove them. Bad blood is responsible for more ill health than all other causes combined; it absorbs the poisons that gather in the system, and the germs and microbes floating in the air find their way into the circulation, and old sores and ulcers, Eczema, Boils, Malaria and a long train of other diseases follow.

If you do not come of a strong and vigorous family and your blood shows evidence of impurity, nothing will so quickly bring it back to a healthy condition as S. S. S., the most widely known and popular blood remedy on the market. It purifies and builds up weak, sluggish blood and stimulates the circulation, and thus rids the system of impurities. S. S. S. contains tonic as well as blood purifying properties, and builds up the general health, improves the appetite and digestion, and tones up the nerves while ridding the blood of all poisons and humors. Nothing reaches old chronic blood troubles like S. S. S., and being a strictly vegetable remedy can be

taken by old and young without any bad after effects or injury to the system. As a blood purifier and tonic at this season S. S. S. has no superior. It puts the blood in good order, removes all poisonous accumulations, invigorates all parts of the system, and prevents that debilitated, tired feeling common to this time of year. Keeping the blood healthy is the secret of all healthy families. Write us if in need of medical advice, which our physicians will furnish free of charge. Book on the blood and its diseases mailed free.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion, Dyspepsia and Catarrh.

It is a trite and true saying that "blood is the life." Now where does the blood come from? Everybody knows, or should know, that it comes from the nutritive elements extracted by the stomach from the food we eat. If the digestive organs do not perform their functions by reason of disease germs, there is no nutrition extracted, and the food might better be thrown in the dump to decay and breed germs in the open air than to remain in the stomach and become a rotten, putrid mass; as it naturally does if there is no digestion. No disease germ can live and find lodgment in a human body that uses the Shoffner's Sure Cure. Price \$1.00.

What People Say of the Shoffner Sure Cure.

This is to certify that I believe the Shoffner Sure Cure saved my life. I was not able to sit up in bed when I began taking the remedy. I had such a severe cough I thought I had consumption. Physicians had given me up to die. After taking one bottle I was able to sit up some. After using five bottles I was fully restored to health. I can not say enough in favor of this wonderful remedy for indigestion.

Mrs. JOHN SMITH, 86 S. Third St., Paducah, Ky.

After using one bottle according to directions you are not benefited, your money will be refunded.

FEAST OF PURIM

Was Yesterday Observed by Jewish Citizens.

The Jewish feast of Purim was celebrated, which was the fourteenth day of the month of Adar in the Jewish calendar. It was a day of rejoicing following a day of fasting as a preparation. The festival was instituted to commemorate the deliverance of the Jews of Persia from a massacre with which they were threatened in the days of Xerxes (B.C. 485-486), at the instigation of Haman, the king's prime minister. The occurrence in the spring suggests a solar festival, the feast representing the death of winter while the festival makes the joyous return of spring.

In former times gifts were the feature of the day and this practice is still kept up to some extent.

Held to Answer.

Pony Marrell, brought here from Mayfield by Deputy U. S. Marshal W. S. Samuels, was yesterday afternoon held to answer for bootlegging by U. S. Commissioner Gardner.

A GOOD DEAL OF NONSENSE
About "Blood Purifiers" and "Tonics."

Every drop of blood, every bone, nerve and tissue in the body can be renewed in but one way, and that is, from the sole food properly digested. There is no other way and the idea that a medicine in itself can purify the blood or supply new tissues and strong nerves is ridiculous and on a par with the foolish theory that dyspepsia or indigestion is a germ disease or that other fallacy, that a weak stomach which refuses to digest food can be made to do so by irritating and inflaming the bowels by pills and cathartics.

Stuart's Dyspepsia Tablets cure indigestion, sour stomach, gas and bloating and meats, because they furnish the digestive principles which weak stomachs lack, and unless the deficiency of pepsin and diastase is supplied, it is useless to attempt to cure stomach trouble by the use of "tonics," "wills" and "cathartics" which have absolutely no digestive power, and their only effect is to give a temporary stimulation.

One grain of the active principle in Stuart's Dyspepsia Tablets will digest 2,000 grains of meat, eggs and similar foods, and experiments have shown that they will do this in a glass bottle at proper temperature, but of course are much more effective in the stomach.

There is probably no remedy so universally used as Stuart's Tablets, because it is not only the sick and failing, but well people who use them at every meal to insure perfect digestion and assimilation of food.

People who enjoy fair health take Stuart's Tablets as regularly as they take their meals, because they want to keep well, prevention is better than cure, and Stuart's Dyspepsia Tablets, do both; they prevent indigestion and they remove it where it exists. The regular use of one or two of them after meals will demonstrate their merit and efficiency better than any other argument.

PADUCAH MEN

CALLED TO BENTON TO TESTIFY IN HOLLAND CASE.

The Defense Claims the Dead Man Was in a Position to Strike When Shot.

Two Paducah men were called to Benton yesterday to testify as experts in the Sheriff Walter Holland murder trial.

They are Prof. C. M. Leib, superintendent of the Paducah public schools, and Mr. James Wilcox, the well-known civil engineer. The summons came as a surprise to the Paducah men, but they had to go, returning last night after giving in all testimony asked for.

The defense is attempting to prove self-defense and is setting up claims based on mathematical facts. The defense is attempting to prove that the shooting was done while Keys was trying to strike a blow and in the attitude he would have been in while in the act of striking. Would cause the identical course taken by the bullet which produced death.

The wound was inflicted in the chest the bullet passing out the back four inches below the place opposite where it entered. Keys, according to the allegations of the defense, must have been bent back in the attitude of striking, his position being naturally lower than Holland, who was standing at full height when he fired.

It is stated that unless Keys had been standing in such a position, it would have been impossible for Holland to have struck where he did unless he had been a man of ten feet in height.

Supt. Leib and Engineer Wilcox were both asked their opinions and also required to demonstrate the problem mathematically, which was done.

BOARD OF WORKS

Will Hold Its Regular Meeting This Afternoon.

The board of public works will meet this afternoon to receive bids for street sprinklers and sweepers. There are several communications in and the board will make the purchase from the lowest and best bidders. If the action of the board is ratified by the legislative boards.

The Broad street matter will likely come up for discussion. Engineer Le A. Washington has been delayed in his work of making out profiles and specifications by the delay in the legislative boards deciding what to do about the street. The board of public works favored making it 60 feet wide and later amended by making it 60 feet wide. The council wants it 60 feet wide.

Other routine matters will come up for action.

AFTER RAY.

Federal Secret Service Officer Goes to Frisco.

Luke Ray, the negro who passed many "raised bills" in Paducah August 8th, nearly two years ago, will soon be back in Kentucky.

District Attorney Hill, of Louisville, has announced that S. A. Donnelly, the secret service agent, has gone to San Francisco to take charge of Ray. Ray has been wanted for more than a year for passing raised bills and for the murder of Henry Shepard, of Cave City.

Births.

Born to the wife of Mr. Mike G. Caldwell, of Jackson street, a girl baby.

Born to the wife of Mr. Bunk Etter, a fine boy baby.

ALL COMMITTEEMEN WORK LIKE TROJANS

The Big Rally and Parade Will be Splendid.

The City and the Railroad Boys Will Both Honor Their "Knocker" in the Ohio.

WORK ON FLOATS PROGRESSES.

Interest in the big rally to be held Friday afternoon and night by the Commercial club is running high, and the members of the different committees appointed to arrange for the big parade and reception of the visitors are working hard to complete the work.

The parade will have two funeral features, the burial of the general Knocker and the Railroad Knocker, the I. C. shop desiring to rid the shops of the perpetual presence of the Knocker.

The coffin for the railroad knocker is being made today by the woodworkers and he will be given a burial by the side of the General Knocker.

The steamer Little Owen will be used to float the coffins out into the middle of the Ohio and amid the blowing of whistles, the firing of cannon and guns, the coffins will be sent to the bottom of the river, or left to float to some more congenial clime.

Mr. Charlie George is working hard on the floats and will have them finished by Friday afternoon. He is getting out some very nice floats and it is probable that others besides Mr. George will make floats of some kind to be placed in the procession.

The committee this afternoon will go before fiscal court and invite the members to attend the rally and participate in the parade in their official capacity. It is thought that the invitation will be accepted.

The merchants have all been asked to decorate their houses for the big rally day, and are expected to do so. A number have already promised to and others are expected to follow suit.

A number of out of town people who have been invited to attend the and when the list is complete it will be made public. It is not known yet exactly how many will come.

FISCAL COURT HEARS

(Continued from Page One.)

o'clock this afternoon when the committee will report.

The magistrates seemed greatly wrought up over the report of the accountants, and one stated that it was purely the fault of the magistrates in not specifying a time for settlement.

The report was withheld from the press by Judge Lightfoot until after the meeting is over, and this may be until tomorrow. The report is not complete, the accountants explaining that it would be impossible to make a full report until some scratch pads bearing figures were furnished them.

One part of the regular report showed to have been withheld a collection of \$98 for back tax collections fifteen months, but was paid before the accountants began work.

It is said that with the twenty per cent, claimed by County Attorney Graves as his part of the back taxes collected, and which it is alleged was assigned to Clerk Graham, there was due from Clerk Graham to the county, in addition to what he had to pay to the state, something like \$5,000. With twenty per cent, off, claimed by Attorney Graves as his share of the back taxes, the amount is as given above, \$2,842.69.

The rock over which the members of court split today was whether or not the county attorney is entitled to twenty per cent, of the back taxes. If he is not, the county clerk will have to pay it all, about \$5,000, instead of \$2,842.69. It means a matter of about \$2,000 to the taxpayers of the county.

If you are troubled with insomnia, go to sleep and forget it.

"The Store That Does Things"

KENTUCKY NEWS TOLD IN PARAGRAPHS

Political Scheme Fell Through.

Owensboro, Ky., Mar. 22.—The coroner's council met but did not impeach Mayor Yewell. Nothing whatever was said about the matter during the whole meeting.

The council is composed of eight democrats and four republicans, and as it takes nine members to impeach, there was no possibility of arriving at that result as the whole move was only a democratic scheme to get rid of a republican mayor.

Neither was the resignation of Charles Walker, the City Attorney, called for. It is now thought here that nothing will be done to either Yewell or Walker's cases and the latter will be dropped.

Shooting Over Local Option.

Owensboro, Ky., Mar. 22.—In a fight over a local option election in this county, Bird Hicks, a saloon-keeper, knocked down E. A. Hudson with a brick. Hudson went home and got his gun and shot Hicks, twenty shot entering his back and body. One penetrated his throat and may prove fatal.

Killed by Cave-In.

Mayfield, Ky., Mar. 22.—A gravel pit near Box Station, twelve miles north of here, caved in and killed Buck Warren, an aged farmer, and severely injured several others.

Killed by Cave-In.

Owensboro, Ky., Mar. 22.—The "dry's" won in the election at both Delaware and Cardwell. At Delaware the vote stood: For the sale of liquor, 31; against it, 57. At Cardwell the vote was: For the sale, 13; against it, 32.

Owensboro, West Louisville and Madison are now the only places in Daviess county where liquor is sold.

Company Is No More.

Mayfield, Ky., Mar. 22.—Company L. R. G. Co. of this city, has disbanded and shipped to Frankfort all its paraphernalia and will be mustered

ed out this week.

News From Southland.

Smithland, Ky., Mar. 22.—John Wells and Nancy Ellen Decker, shanty-boners living two miles above here on Cumberland river, were arrested for chicken stealing and the girl has confessed. They are both in jail.

The authorities are puzzled over the sudden disappearance of a shanty-bonner named Blackberry. The last seen of him was when he started down the river in his skiff. A shot gun discharge was heard shortly afterwards and the man's skiff was subsequently found, but he has never been heard from since.

The death of Hon. Everett Butler, announced prematurely several days ago is expected at anytime. Already

a number of people are named as prospective candidates for his place on the Democratic ticket as nominee for representative.

Moses A. Jamison, a farmer of the Lola section, is dead of dropsy.

Stop Machines Removed.

Henderson, Ky., Mar. 22.—The slot machines in all the saloons here were taken out by order of Chief of Police Henry.

The State Fair.

Louisville, Ky., Mar. 22.—The Kentucky state fair will be held September 18-23, including either in Louisville or Lexington. The Kentucky Livestock Breeders' Association has addressed letters to the two cities asking them to offer advantages for the exhibition.

Death in Graves.

Mayfield, Ky., Mar. 22.—Miss Myrtle Price, the daughter of Mrs. Alice Price, died of consumption. Miss Price was 20 years old and leaves her mother and a brother.

New Depot for Wingo.

Wingo, Ky., Mar. 22.—An effort is being made by the citizens of

WINGO to have the Illinois Central Railroad Co. erect a new depot here. The present building is very old and on the wrong side of the platform. People who board the train are compelled to walk across a side track and across the main line to the platform which is very dangerous. Railroad Commissioner Mac D. Ferguson has gone to Louisville to confer with the railroad officials regarding the depot.

In insane Woman Caught.

Scottsville, Ky., Mar. 22.—Mrs. Lucy A. Houchin, a mad and highly respected lady of the Maynard community, this county, has just been captured after strong efforts of the sheriff of this county. Mrs. Houchin became insane yesterday morning at an early hour, and secured a revolver and escaped to the fields, threatening and urging upon anyone she met. The sheriff succeeded in capturing her by surrounding her with posse of men.

Mrs. Maybrick's Case.

Louisville, Ky., Mar. 22.—Attorneys for Mrs. Florence Maybrick, the famous prisoner, are here to take depositions in the suit which she is prosecuting in the federal courts, by which she seeks to recover large land interests in Kentucky and Tennessee. Mrs. Maybrick claims the property through her grandfather, Darlon B. Hollbrook, who owned large tracts of land throughout the United States.

Instantly Killed.

Franklin, Ky., Mar. 22.—Myrtle Dean, a negro girl about 19 years old, was shot and instantly killed by Gerald Pennington, a negro man. The cause of the killing is not known. Pennington escaped.

Mrs. Maybrick's Case.

Scotsville, Ky., Mar. 22.—John Wells and Nancy Ellen Decker, shanty-boners living two miles above here on Cumberland river, were arrested for chicken stealing and the girl has confessed. They are both in jail.
